September/October 2020 • Dive Into The Word

This issue introduces the season's annual theme for the Cadet Corps. It is based on Psalm 119:162, "*I rejoice in your word like one who discovers a great treasure.*" (NLT)

God has given us a great treasure in the form of the Scriptures. Immersing ourselves in His Word gives us life and strength. Through the year we will show the boys the benefits of spending time in the Bible.

November 2020 • Basketball

Shooting at the hoop in the driveway, playing at the local park, being part of a school team, or even making the game your job, we can learn much from the game of basketball. We'd love to hear of some Christian athletes who have used their talents at the highest level.

December 2020 • Grandparents

Our ancestors play a large role in making us who we are. Our grandparents may no longer be around, or they may live too far away to see regularly, but a grandparent/grandson relationship can be special. We will look at our family tree as a gift from God.

January 2021 • Peer Pressure

The world can seem overwhelming to an eleven-year-old. There is a tremendous desire to fit in with others, even if the others are not behaving well. Peer pressure is normally associated with influencing us towards poor behavior, but what if we could act in a way that pressures others to live a life pleasing to God?

February 2021 • Chemistry

Science – it sounds like a boring school subject for many boys, but it doesn't need to be. There are plenty of examples in our world of reactions that are necessary for life, pleasing to the eye, or just plain fun. How can we use chemistry to develop our minds? Together we will explore this aspect of the creation God has given us to grow up in.

March 2021 • Kenya

What would it be like to live in another part of the world? We may not be able to physically travel to Kenya, but we can still learn about this awesome country. The Cadet program is growing rapidly in Kenya; this month we will spend some time getting acquainted with their surroundings.

April/May 2021 • Easter

The Easter bunny, chocolate, and decorated eggs, is this really what Easter is about? What can Easter really mean to a 10-year-old boy? Does this day really make a difference? Is there a way for a young person today to make a personal connection to this world-changing event?

Themes for each new season (Sept – May) are chosen around the end of the calendar year. Details are made available (on-line or by sending in an SASE) at that time. Manuscripts will be selected starting in May 2020. Fiction and non-fiction selections will be made at least three months prior to publication date.

Quest's purpose is to show how God is at work in the lives of Cadets and in the world around them.
